The Walt Disney Company
Walt Disney World Guest Relations
1375 E Buena Vista Dr.
Orlando, Florida 32830

To whom this may concern:

I am applying for the opportunity to propel my professional career with The Walt Disney Company in the role of a Guest Relations Cast Member. For as long as I can remember, I have always been a solution-oriented individual and believe this role is an area where I would immediately make an impact. My hope is that I can transfer the skills and park knowledge I have polished over the last three years to continue to innovate and revolutionize the experience we deliver to our guests.

Disney Interns have a reputation of being hard working, passionate, and self-motivated individuals all while delivering an industry leading level of hospitality. Throughout my duration in the college program, I am confident I have exemplified all these qualities and will continue to uphold this level of merit for the remainder of my professional career. Over the course of the last three years, I fulfilled a lifelong dream of mine—completing a College Program on both the West and East Coast. Unfortunately, one of these were short-lived due to the global pandemic, where I was forced to return home to Arizona.

After a long 2020, I amassed 18 months with the Amazon Fulfilment Centre, consistently logging 56-hour weeks. At that same time, I was also able to record back-to-back 4.0 semesters at school. I have since returned to Florida to become a Premium Services Support Intern, working for VIP Tours. Now more motivated than ever, I am ready to take my career with the company to the next level.

Working as a Guest Relations Cast Member would allow me to utilize the sound background I have gained in the classroom and combine it with all my past experiences with the company—including my extensive park knowledge on the other side of the plaid. My selection for the position would serve as a major steppingstone along the path I have always manifested for myself within the company. I appreciate your consideration in advance and look forward to hearing from you soon.

Sincerely,

Jose Lopez
